8°C to 30°C Adjustable Heating Mode

Set your desired temperature from 8°C to 30°C with the GREE Amber air conditioner. It maintains a comfortable environment, even when nobody is home for extended periods during severe winters.

3D Airflow

The air guide louver can not only automatically swing up and down, but also left and right. It enables 3D airflow for wider air supply to enhance comfort.

Adjustable Temperature under Auto Mode

Once auto mode is set, the unit can automatically adjust the temperature basing on the detected temperature. No need to switch cooling or heating mode when there is big temperature difference.
